SUMMARY

Fourth-year Computer Science Engineering student focused on software development and emerging technologies. Experienced with Python, Java, C and DSA, complemented by practical exposure to AI/ML, cloud, Android, and web technologies through Google Virtual Internships. I enjoy breaking down complex problems, developing meaningful solutions, and continuously experimenting with new technologies. Looking to bring this mindset to a Software Developer role.

EDUCATION

University of Engineering and Management, Jaipur

2023 – 2027

Bachelor of Technology in Computer Science & Engineering - CGPA: 8.00

Jaipur, Rajasthan

Central Board of Secondary Education

March 2023

Senior Secondary Examination - Percentage: 55.7%

Jaunpur , Uttar Pradesh

Central Board of Secondary Education

March 2021

Secondary Examination - Percentage: 67.6%

Jaunpur , Uttar Pradesh

WORK EXPERIENCE

Cohort-10 [Google Android Developer Virtual Internship](#)

Oct 2024 – Dec 2024 (Remote)

Cohort-11 [Google Cloud Generative AI Virtual Internship](#)

Jan 2025 – Mar 2025(Remote)

Cohort-13 [Google AI-ML Virtual Internship](#)

Jul 2025 – Sep 2025 (Remote)

PROJECTS

AI Resume Analyzer & Job Matching System:

Developed an end-to-end Data Science and NLP-based application using Python to analyze PDF resumes and extract relevant skills and information. Applied text preprocessing, TF-IDF vectorization, and Cosine Similarity to compare resumes with job descriptions and generate job matching scores. Implemented skill-gap analysis to identify matched and missing skills based on job requirements. Integrated the machine learning pipeline with a Fast API backend and developed a React.js frontend to provide an interactive interface for resume upload, job description input, and analysis results.

SKILLS

Programming Languages: Java, Python, SQL, C

Data Science & ML: Pandas, NumPy, Scikit-learn, NLP, Machine Learning, Data Analysis, Data Visualization, TF-IDF, Cosine Similarity

Web Development: HTML, CSS, React.js, Fast API

Core Concepts: DSA, OOP, DBMS, OS, Computer Networks, SDLC

Technical Skills: Project Management, Agile Methodology, Data Analysis, SDLC

CERTIFICATIONS

- Soft Skills and Development ([NPTEL](#))
- Linguaskill Business ([Cambridge University](#))
- Introduction to Internet of Things ([NPTEL](#))
- Python for Data Science ([NPTEL](#))
